We are beginning to "chart" through an Electronic Medical Record. To be thorough, the following information will be added per your response:

Would you like us to e-mail you with reminder appointments? If so, please give us your e-mail address:

If not, would you like a summary of today's visit? It will be provided and mailed to you no more than 3 days after your visit.

_____yes _____no

Would you like your cell phone # added to the chart? (If we need to get in touch with you about lab reports or your child/parent)

I will need now to add into my(Dr. Borsos and Rogers) chart:

Height, weight and blood pressure. If you know them we will have you tell us, if not we will do it for you.

_____height _____weight _____blood pressure
